

DIAMANTE
CABO SAN LUCAS

To scan channels on an LG TV, you can perform an automatic channel scan, also known as auto tuning, by following these steps:
you can do the following:

1. Press the Settings button on your remote.
 2. Select Settings again.
 3. Select General.
 4. Select Channels.
 5. Select Channel Tuning.
 6. Select Auto Tuning.
 7. Select an antenna connection.
 8. Start searching for channels.
 9. When the search is complete, change the external input to Live TV to watch the new channels.
